

BULGARIANS MAY RESIST POWERS

Troops Who Have Fought the Turks to Defeat Not Likely to Brook Interference

SERVIANS WILL ATTACK DURAZZO ON WEDNESDAY

Such Action Likely to Plunge Europe Into War—Servia Makes Announcement.

VIENNA, Nov. 11.—As a result of a Budapest conference between Emperor Franz Josef and Archduke Franz Ferdinand, the wildest rumors are circulated concerning the prospect of an immediate Austrian advance into Serbian territory. Social democrats conducted a great anti-war demonstration throughout Austria and Hungary Sunday, urging the masses to hamper any military movement. They declare the workmen of Russia will act the same way if the powers come to blows. The situation is grave.

PARIS, Nov. 11.—The great powers, Great Britain, France and Russia, constituting the triple entente, and Germany, Austria and Italy, the triple alliance, are believed to be at the point of reaching an agreement to prevent the Bulgarian army from occupying Constantinople.

One suggestion is a collective personal occupation of Constantinople by the six powers, with the consent of Turkey, under the assumption that such action is necessary to protect the subjects of the respective nations and to maintain order.

It is considered essential for the great international interests that the Bosphorus, Constantinople, the Dardanelles and a narrow zone in European Turkey be retained by the Turks.

The joint occupation of Constantinople by bluejackets from the English, German, French, Russian, Austrian, Italian warships now in the Moslem harbor is reported to be the plan of the powers, according to reliable information today. The Turkish government is said to have approved of the joint occupation. It is believed that Ferdinand of Bulgaria will hardly dare to attempt the occupation of the city if the bluejackets of the powers oppose such a move.

Reports of a Christian massacre in Constantinople are not credited here.

BULGAR TROOPS MAY ATTACK FORCES OF POWERS IF OPPOSED

SOFIA, Nov. 11.—The reports that the powers plan to land bluejackets at Constantinople to keep the Bulgarians out are disturbing the officials here. It is feared if the powers oppose the Bulgarian entry, the Bulgarians will be unable to control the troops, and that they will insist on attacking the forces of the powers.

SERVIANS AT ADRIATIC—WILL SIEZE DURAZZO WEDNESDAY

BELGRADE, Nov. 11.—The vanguard of General Yankovitch's Serbian army has reached the Adriatic and is expected to sieze Durazzo on Wednesday, according to official announcement made today. LONDON, Nov. 11.—What answer Turkey has received to its request for peace terms is unknown. Captain Guest went on his sheep hunt last spring. Since then he has kept fourteen men at work installing a tramway to carry ore.

GOV. JOHNSON AT HOME FROM THE EAST

Glad to be Back in California Climate; Greeted by 200 of His Friends

EXPECTED TO RESUME HIS EXECUTIVE WORK TODAY

Will Take Brief Recreation Trip on Willow Creek Joining in "Wild Goose" Hunt

SACRAMENTO, Cal., Nov. 11.—Two hundred personal friends greeted Governor Hiram W. Johnson and Mrs. Johnson yesterday as they stepped from the Overland Limited, without ostentation, but with the quiet enthusiasm of ardent followers. It had been determined to call off the demonstration.

The governor and Mrs. Johnson and their two sons, Hiram W. Jr. and Archie, who came from San Francisco to greet their parents, together with Lieut. Gov. A. J. Wallace, who has been the state's chief executive while the governor was away, Al McCabe, private secretary to Governor Johnson, arrived together. Yesterday afternoon and evening the governor spent with the members of his family and Lieut. Gov. Wallace. He went to his desk in the capital early this morning.

Governor to be Busy

The governor is in excellent physical condition in spite of his strenuous campaign of two months and says he is glad to get back to the California climate. He said he has nothing to add to what he has already said since the election. Governor Johnson has a busy period before him, as the legislature will convene in two months and there are many matters that will be considered by it to be taken up.

Mrs. Johnson, who has been suffering from a severe cold, is somewhat improved and it is expected that with the comforts of home, she will soon be entirely well.

Governor Johnson plans to take a little recreation about the last of the month, when he will go to Willows for a goose hunt. The governor has been chosen as one of the men to bring down some birds for a great goose stew which is to be held at State Agricultural park in this city November 24.

Oddie to be in Party

Governor Oddie of Nevada also is expected to be a member of the party which will be led into the feeding grounds by Frank Newbert, president of the state fish and game commission.

It is likely that about fifty men will participate in the shoot. At least 150 live decoys will be used and a motion picture outfit will be on hand to catch every move made by California's chief executive. Governor Johnson is not much for having his picture taken, but the film men were insistent.

The governor is known about Sacramento, where he originated, as some hunter. He goes after the birds with the same spirit that characterizes his work on the platform.

When the Governor reached home he had covered 26,000 miles and had delivered 500 speeches. He talked to big crowds in every northern state except Oregon, Washington, Idaho, Montana and North Dakota.

VICIOUS ATTEMPT TO MURDER JAP

Ambushed Assassin Fires on Y. Yamatani at Garden Grove Home

LOAD OF BIRD-SHOT IN BACK AND HEAD

Appears to be Victim of Plot to Run Him Out of the Country

It appears to be a well settled fact that somebody wants to get Y. Yamatani, a Jap, away from Garden Grove. Some time ago he made complaint to the authorities of his trees being torn up and his hay burned, and Saturday night somebody, whom Yamatani says he did not get a sight of, emptied a load of bird shot into him at close range.

Saturday night the Japanese living near Garden Grove had a religious meeting, and Yamatani returned to his home about midnight in company with several others. He is engaged in raising chilis, and immediately after reaching home he went out to look after his fire used in drying. While he was bending over one of the pits in which the fires are kept, somebody shot at him from behind. Practically the entire load of shot took effect in the Jap's head, back and side, his position being such that the entire upper part of his body was raked.

Yamatani was taken to the Garden Grove hospital, where Dr. Violett attended him. His wounds will keep him confined for some time, but are not considered dangerous. To the officers who investigated the case Yamatani said he had no idea of who did the shooting, but the officers are inclined to the belief that he knows more than he has told. The shot was fired at very close range, as evidenced by the fact that wads from the gun struck the dryer in front of which the Jap was standing.

Some weeks ago Andrew McElduff was tried in the justice's court on the charge of tearing up Yamatani's trees and setting fire to his hay, but was discharged, there being no evidence against him.

SCHUMACHER HOLDS HIS LEAD BRUNWORTH MAY GO TO COURT

Official Canvass of Returns Left Buena Park Man Still With Two Votes to the Good—Bonds Canvass Finished

Today when the Board of Supervisors made the canvass of the returns from the Third supervisorial district, no change was made in the vote for supervisor. William Schumacher, Republican, of Buena Park, maintained his lead of two votes over John H. Brunworth, Democrat, of Anaheim. The vote as officially counted stands: Schumacher, 1605; Brunworth, 1603. Brunworth may contest. There is a strong disposition on his part to go to the court for a recount of the votes of the Third district. This morning one of his lieutenants, who was at the courthouse with Brunworth watching the count, stated that he is satisfied that some votes were counted for Schumacher that should not have been counted, and he predicted that Brunworth would contest.

H. C. Head, chairman of the Democratic County Central Committee, who as attorney for Brunworth was at the count, stated that the decision had not been reached in the matter, but he thought it probable that Brunworth would enter a contest.

Schumacher was present this morning with Attorney R. Y. Williams and a number of his supporters from the north end of the county. Scanning the tally sheets closely, the supervisors found that the unofficial returns from every precinct was correct on the supervisorial fight. The totals of 1605 to 1603 remained unchanged.

No changes of any consequence were made in the returns on other offices. The supervisors may complete their canvass this afternoon.

Bonds Yes, Bonds No

The official count on the \$1,270,000 good roads bonds was soon completed. Bonds yes lost sixteen votes in the count and bonds no gained eighty-nine, but the bonds are to the good by a vote of 286 over and above the necessary two-thirds to carry, and the no vote is 286 short of the necessary one-third to defeat the bonds.

The official count stands: For the good roads bonds, 5290. Against, 2236. The unofficial returns were 5306 for the bonds and 2157 against.

HOME RULE MATTER BRINGS ON CRISIS

Government Beaten and Will Resign After Balkan Crisis is Past

LONDON, Nov. 11.—The administration was defeated in the House of Commons today by a vote of 228 to 206 on the financial clause of the Irish Home Rule bill. If the usual course is followed the administration will resign at the general election to follow. Unless the Liberals win the election, Irish home rule is lost. The house adjourned amid great excitement.

The defeat came on the question of Sir Frederick Banbury, Conservative, offering to provide in case Ireland should be unable to support herself by local taxation, relief from the royal treasury limited to twelve and one-half million dollars.

Premier Asquith said the amount was too small and that thirty millions might be needed. When the vote was announced the Conservatives shouted "resign." The cabinet met to consider the situation. It is believed the government will resign when the Balkan crisis is past.

This chance meeting is the beginning of many romantic and amusing episodes which are full of sustained interest and at the same time delightful conclusions. This play will be presented by a company of artists with Miss Marion, a young actress of sterling quality.

PURITY LEAGUE OF SAN DIEGO ACTIVE

Police Chief Closes Proscribed District After 3 Months League Campaign

SAN DIEGO, Nov. 11.—After a three months' campaign on the part of the Purity League, Captain John L. Sehon, superintendent of police, Saturday night issued an order directing the closing of the proscribed district of San Diego and the arrest of all inmates, male and female, caught there.

Chief of Police Wilson Sunday morning summoned every available officer in the city, threw a cordon of patrolmen about the entire district, and just as the bells were tolling for the beginning of church services, 138 women, ranging in age from 18 to 45, were marched to police headquarters. Six men, gathered in the dragnet, were also taken to the station.

The raid was a success, in every way from a police point of view. The inmates of the different houses were taken completely by surprise.

Every train leaving here today carried former inmates of San Diego's restricted district which was closed on the order of Superintendent of Police Sehon. Of the 138 women arrested yesterday only two wanted to reform. The rest declared they preferred to leave the city.

CALIFORNIA NOW COUNTED FOR T. R.

Official Count Begins With Row in Los Angeles; Deputies to Watch Count

SAN FRANCISCO, Nov. 11.—With the various computations giving a lead of 785,948, Roosevelt is today conceded California's vote. Only sixty-six small precincts in the state are missing. It is declared by the Progressives and undisputed by the Democrats that if the figures compiled up to date are anywhere near correct, Wilson's hopes are very slight.

LOS ANGELES, Nov. 11.—Following a verbal battle between Progressive Republicans and Democrats before the board of supervisors, the official count of Los Angeles ballots began today. Attorney Call, Democrat, claimed the official pool-book seals had been broken, and the contents unofficially inspected. One hundred and fifty subpoenas have been issued for election judges to explain alleged mistakes. Both sides are allowed deputies to watch the count.

AN OBJECT-LESSON IN HEREDITY

The long-looked-for history of the Kallikak family has at last come from the press of the publishers. Under the auspices of the Training-School for Feeble-Minded at Vineland, N. J., Dr. Henry H. Goddard has investigated and compiled the results of his work in the heredity of this most remarkable family.

During Revolutionary days, the first Martin Kallikak (the name is fictitious), descended from a long line of good English ancestry, mated with a feeble-minded girl. The result was a feeble-minded son. This son married a normal woman. His turn produced five feeble-minded and two normal children. Practically all of the descendants of these defectives have been traced as well as those of the two normals.

From both normal and defective descendants of this union came a long line of defective stock. There were 480 in all. Of these thirty-six were illegitimate, thirty-three sexually immoral, twenty-four confirmed alcoholics and three epileptics. Eighty-two died in infancy, three were criminal, eight kept houses of ill fame and 143 were distinctly feeble-minded. Only forty-six were found who were apparently normal. The rest are unknown or doubtful.

But the scion of the good family who started this long line of delinquent and defective progeny is also responsible for a strain of an entirely different character. After the Revolutionary War was over, he married a Quaker girl of good ancestry and settled down to live a respectable life after the traditions of his forefathers. From this legal union with a normal woman there have been 496 descendants. All of these except two have been of normal mentality. The exceptions were cases of insanity, presumably inherited through marriage with an outside strain in which there was a constitutional psychopathic tendency. In all the 496 there is not an instance of feeble-mindedness. The offspring descended from this side of the house have universally occupied positions in the upper walks of life. They have never been criminals or ne'er-do-wells.

On the other hand, there has not been a single instance of exceptional ability among the descendants of the first Martin-Kallikak and the feeble-minded girl. Most of these descendants have failed to rise above the dead level of mediocrity; indeed, most of them have fallen far below even this minimum of standard.

This striking study in heredity is commented on at length in a recent number of The Journal of the American Medical Association.

EFFICIENCY ON A PERCENTAGE BASIS

Laws which provide for the health and comfort of employees in the industries, protect them from occupational disease and injuries and compensate them when injured, would seem to impose greater burdens of expense on employers at the outset, so that the latter would be increasingly particular in regard to the health and efficiency of the men and women whom they employ. Indeed, railways and many other industries now require that the prospective employee undergo a physical examination before being employed.

The percentage method of rating the efficiency of employees in regard to both physical condition and amount of work performed will no doubt be a development of this state of affairs. At the recent Congress on Hygiene and Demography, C. W. Stiles exhibited two hookworm patients to illustrate the effect of this disease in retarding mental and physical development, and its influence on the efficiency of the individual as a working member of society, rating the individual on a percentage basis and estimating his mental development by the Binet-Simon test. One of these patients was brought to Washington in a condition which was estimated to be 14 per cent. of par. Under treatment he became 54 per cent. within six weeks and at the time he was presented was estimated to be 98 per cent. of normal. The other patient, though 15 years old, by the Binet-Simon test graded only 9½ years and was in the third grade in school. At the time of exhibition he was estimated to be 32 per cent. of par.

The percentages in these cases, says the Journal of the American Medical Association, refer only to physical development and condition, but in

the industries could be applied seemingly with most satisfactory results in rating employees as to physical condition and working efficiency, and along with other cost-keeping methods employed in modern factories the plan would seem at once to recommend itself for adoption. It is conceivable that it might even become the basis of computation of pay. It might also be employed in recording the results of the medical inspection of school children. We do not know of any instance in which the system is now employed.

AMUSEMENTS

Has Played Many Parts

Herman Reuter, upon whose shoulders has fallen the task of whipping into shape that virile drama, "The Three of Us," to be done at the Grand on the evening of November 13, has played, in amateur work, perhaps as varied and startlingly contrasted a group of characters as any player outside of the professional stage. Nearly ten years ago he succeeded in giving a convincing portrayal of Alfred Thorpe, the unscrupulous city man, in "Above the Clouds," as presented by a local school. After this, the first role he played, there comes a list of types among which may be mentioned characters so utterly diverse as Danby, the ranch owner in "Frontier Life," the Indian chief, in "By the Enemies' Hands," Lord Tweenways, the hypochondriac Englishman in "The Amazons," a part, by the way, in which he was, as a local paper had it, "the hit of the evening."

More recently, in the series of plays so ably produced by Mr. Ernest Phillips, Mr. Reuter has capably handled such characters as Shiny, the lazy colored man, in "Cupid at Vassar," Old Man Rogers in "Esmeralda," Sam Coast, the millionaire, in "Her Own Way," Tom Warder, the truth-loving husband, in "The Truth," and, finally, the minor role of Hampton in "The Marriage of Kitty."

In "The Three of Us" Mr. Reuter takes the part of Louis Beresford. At first glance this character would appear to be one of the usual "valiant" type. Upon closer scrutiny, however, it becomes apparent that, although Beresford is a man whose conscience does not trouble him over much, there are in him still traits which rebel occasionally at the execution of those evil and easy-going tendencies which seem at first to dominate his personality. From this it will be seen that the part of Beresford is one which will tax Mr. Reuter's powers to their fullest.

CAR SHORTAGE IS DANGEROUS TO SPUDS

Thousands of Bushels Freeze in Fields Because of Lack of Cars and Warehouses

WASHINGTON, Nov. 11.—Thousands of bushels of potatoes are in danger of destruction as a result of the car shortage. An exchange of telegrams between the Interstate Commerce Commission and the principal roads carrying the enormous potato crop of Minnesota and Wisconsin shows that the railroads are doing everything in their power to handle the bumper crop, but that they have not enough cars.

Although many new cars have been built for the lines affected within the last year, the storehouses of Wisconsin and Minnesota are bulging with potatoes and thousands of bushels are freezing in the fields because there are no cars to move them and no room for them in the warehouses. The potato crop this year is the greatest in the history of the United States. It aggregates 410,000,000 bushels. Last year the crop amounted to 293,000,000 bushels.

PENSION SYSTEM FOR ELECTRICIANS

Big Corporation Works Out Plan for Benefits for Its Army of Employees

CHICAGO, Nov. 11.—With a permanent and non-decreasing fund of \$10,000,000 as a basis, the biggest employees' pension system ever devised and put into operation by industrial corporations will become a fact on January 1, 1913, involving the Associated Bell Telephone Companies, the Western Union Telegraph Company and the Western Electric Company.

An industrial army more than twice as great as the standing army of the United States will thus be provided with insurance against accident, sickness and death. No employee of any of the companies will be asked to contribute a cent to the fund. And whenever the fund drops below \$10,000,000, because of disbursements from it, the companies will appropriate more money to bring the fund back to the standard.

Interests 250,000 People
President Theodore N. Vail of the Bell system and the Western Union has devoted months of thought to the plan and has employed the services of trained actuaries in working out every detail, so that the pension system, as finally adopted by the boards of directors of the companies concerned, has been made thoroughly practicable.

The Bell system and its associated interests employ more than 175,000 persons. These, with their families and dependents, amount altogether to more than a quarter of a million people.

\$5000 Death Benefit
In illustration of this point, the companies provide a maximum death benefit of \$5,000, which in most states is the maximum that can be recovered in court after a showing of negligence on the part of the company.

The total yearly wages of the employees affected in all companies is about \$115,000,000, something over \$80,000,000 being paid out yearly in wages by the Bell system alone. The benefits to be paid out, it is estimated, will be about \$1,000,000 more each year than the benefits now paid under the provisional benefit system in vogue.

REV. STEM WRITES TO LATE CHARGE

The following letter from Rev. A. F. Stem to his late parishioners explains itself:

I have labored among you for one year and a half as pastor of the Sturgeon Memorial M. E. Church South. My stay here, in the main, has been very pleasant indeed. It is not without pain that the parting with those whom I have learned to love came. Many kindnesses have been shown me, not only by the membership of my own church but by members of other churches and by many who are not enrolled in any church. I am truly grateful for this for it has greatly lightened life's burdens.

My association with the ministers of all the churches has been pleasant and has made a place for them in my heart.

I would be glad to clasp the hand of every one to whom I have, in any way ministered or who has ministered unto me. But as time forbids this I am sending you through the papers of this city, which have shown me so many courtesies, my parting message. That I have made mistakes I am free to confess, but I purposely wronged no man. I am certain I have obeyed some of the commandments. I have reproved, rebuked and exhorted; and I have tried to feed the flock which was committed to my care. How well I succeeded we shall know hereafter at that great day. I wish I could have done more for you in the name of Him who gave his life for us all.

I will be followed by a man who will love you and carry you in his heart, and if you will suffer me one more word of exhortation I would say to you: "Stand by him in all he undertakes and pray the great Head of the church to give him great success." May God bless and prosper the church under his ministry shall be my prayer. May I also ask an interest in your petitions. I hope to see you here again sometime.

A. F. STEM.

REDLANDS WOULD HAVE AN EXPERIMENT STATION FOR CITY
REDLANDS, Nov. 11.—The most important meeting of the directors of the chamber of commerce for the year was held today to discuss the proposed establishment of an experiment station in Southern California and ways and means of bringing it to Redlands. The hotel question was also taken up.

It is rumored that San Francisco capitalists have been interested in the building of a half million-dollar hotel here.

AMBASSADOR BRYCE WILL GIVE UP POST

Reported English Diplomat Has Resigned; No Official Information Yet

WASHINGTON, Nov. 11.—James Bryce, for many years British ambassador to the United States, it was reported last night, informed President Taft at the White House when he called upon him yesterday, that he had resigned his position and would soon return to England.

The resignation has not been announced officially and probably will not be until Bryce presents his letter of resignation. The British embassy declined last night to comment upon it but the information comes from a trustworthy source.

Ambassador Bryce, who was popular in the United States before he came to Washington, has greatly increased that popularity since his arrival. But critics call attention to the fact that the two great international measures which he supported during his ambassadorship were not successful.

One was the proposed arbitration treaty between Great Britain and the United States, which was drawn by Bryce and Knox, and the other was the proposed reciprocity agreement with Canada, which Bryce favored.

Flagged Train With Shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists.—Advertisement.

Triple Birthday Dinner Party Given at Elliott Home on Seventeenth Street

Mrs. R. Earl Elliott and Mrs. P. R. R. Earl Elliott entertained a family gathering, Saturday, November 9, at the beautiful new residence of Mrs. Elliott, on Seventeenth street. The sumptuous dinner was given in honor of little Miss Ruth Elliott, Mr. P. R. R. Earl Elliott and Mr. W. H. Elliott, whose birthdays came close together.

The house was beautifully decorated with brilliant autumn leaves and choice chrysanthemums, the color scheme being carried out in crimson and gold. Two large tables were spread with good things, one for the little folks, the birthday cake with six candles on it decorating the center of their table in honor of Miss Ruth, while on the table for the older people two immense cakes were set, one before each of the other two guests of honor, with candles to represent their respective ages. When at length the candles were lighted, each guest was expected to blow out one only and make a wish. After the dinner games and music were enjoyed.

Those present were Mr. and Mrs. S. H. C. R. and daughter Eleanor, Mrs. Maude Kuhl of San Gabriel, Mr. and Mrs. P. R. R. Earl Elliott, Misses Kalliope and Lila and Mr. Wm. R. Earl Elliott, Mr. and Mrs. Wm. Crawford, Mr. and Mrs. Alva R. Earl Elliott and their children, Spencer, Ivan, Ruth and Grace, and Mr. W. H. Elliott.

The only regrets were occasioned by the absence of a few of the relatives who were unable to be present. Every one left harboring a hearty wish for many happy returns of the day.

A "Weenie" Bake

Miss Greba Scott and Miss Stella Nisson were hostesses to the girls of the First Presbyterian Sunday school class on last Saturday evening at the Nisson home on North Main street, Mr. W. A. Zimmerman, the class teacher also being present. There are twenty-seven members in the class but some were unavoidably absent. However every preparation was made for their presence.

After music and indoor games with a prize, the guests were invited to a "weenie" bake in the rear of the house. Each girl was given a long stick and each one was kept busy during the bake. Hot buttered Parkerhouse rolls, pickles and hot fruitade were served with the "weenies."

The group of pretty girls before the fire formed a charming picture. Jack-o'-lanterns, fashioned by the hands of the hostesses, decorated the trees and the scene altogether was a fantastic and attractive one.

BIRTHDAY PARTY

Mrs. A. C. Darling Honored Guest at Affair Given on Her Seventy-Ninth Birthday

The many friends of Mrs. A. C. Darling of 821 Ross street helped to make her 79th birthday on Saturday, November 9, a very pleasant and memorable occasion. The Sunday school class to which she belongs in the First Baptist Bible school were entertained in her honor with a thimble party by Mrs. A. C. Black and Mrs. E. J. Foster at the home of the latter at 1047 West Fifth street.

After a short time spent in general social intercourse Mrs. Foster took charge of an interesting program. Among the features were the reading of many letters and postals of congratulation to Mrs. Darling, the reading of humorous articles, piano solos by Miss Alberta Black, the reading of a parody on "The Song of Hiawatha," written for the occasion by Mrs. Foster and readings by Robert J. Hamilton.

On behalf of the Sunday school class Miss Emily Cox presented to Mrs. Darling a beautiful basket containing 79 roses in recognition of as many years as Mrs. Darling has lived. Rev. C. H. DeWolfe and Pastor Otto S. Russell each spoke words of congratulation and appreciation.

Refreshments were served consisting of fruitage and cake and candied figs. About fifty were present.

Commenced Year's Work

Economics Section No. 5 began on the outline of its year's work on Friday afternoon of last week, when the members of that section met at the home of their leader, Mrs. Frank McElree. It was a profitable and most enjoyable afternoon. The subjects under consideration were "Soups, cereals and beverages," and in response to roll call, recipes written on dainty souvenir cards were read and copied. This being a very new class it has been considered wise to commence as amateurs and gradually work into scientific methods. The refreshments corresponded with the subject and the preparation of each article was demonstrated. The "Five Minute Soup" was true to name and a delicious introduction to the full menu. The cereal had been cooked over night in a fireless cooker, and proved convincingly that cereals require slow cooking. The coffee was a favorable demonstration of the electric percolator. Hence, with the addition of the charming, manner in which they were served, the refreshments were a delightful feature.

The shades were drawn and with the soft incandescent light the three rooms employed, all harmoniously decorated, were most cheerful and homey. Upon the small tables used in serving, gleamed red and green candles; a small brown basket of geraniums also graced the center of each table. The dainty souvenir recipes were used as place favors.

Mesdames Lamme, Burns, Elliott, McElree, and Miss Beulah May, composed the committee.

Conservatory Recital
A number of the more advanced pupils of Mr. Clarence Gustlin, director of the Orange County Conservatory of Music, presented an excellent program of classical and modern numbers at the regular weekly musicale, of which last Saturday's proved one of the very best of the series.

A number of the compositions were of a degree of difficulty very seldom attempted by amateurs, but, notwithstanding, were played with a splendid degree of finish, technique, and understanding of interpretation, and well attested masterly training.

Although all numbers were rendered from memory, scarcely a hesitation in rendition was noticeable. On the contrary, marked fluency, poise and ease characterized almost every performance.

Mrs. Russell Coleman, a vocal student of Mr. Gustlin, added much to the pleasure of the afternoon with three well chosen numbers.

The program was as follows: Harmonious Blacksmith, Air and Variations (Handel)—Miss Estelle Jessup.

Song Without Words, No. 13 (Mendelssohn)—Miss Flora Palmer.

Minuet (Wolff)—Mrs. L. R. Langworthy.

"The Flatterer" (Chaminade)—Miss Gallene Finley.

Prelude No. 19 (Chopin). Polonaise in A Major (Chopin)—Mr. Earl Fraser.

Winds in the Trees (Goring)—Mrs. R. Coleman.

Etude Mignonne (Schuett)—Miss Carol Van Cleave.

Waltz in A Flat (Chopin)—Miss Estelle Jessup.

Polka de Concert (Bartlett)—Miss Lois Woodruff.

Valse Caprice (Newland)—Miss Cora Siefert.

Lullaby (Ross); A May Morning (Denza)—Mrs. R. Coleman.

Etude in Sixths (Chopin); Revolutionary Etude (Chopin)—Mr. Earl Fraser.

MISSPELLED WORD ADVERTISING CONTEST GETS SCORES ANSWERS

The interest in the alphabetical ad contest continues to increase each week instead of waning as it nears its end. The greatest number of answers ever received poured into the office Saturday and up until 2 o'clock this afternoon in answer to last Friday's misspelled word contest.

The winners were Mrs. George Jamar of 805 East Pine street, and Orpha Holbrook of Prospect avenue, Tustin.

The misspelled words were "service," appearing in the Crystal Cleaning Co's ad, and "handle," in the Chicago Market's advertisement. They were misspelled "servise" and "handel."

Among those who sent incorrect answers were several who thought "specialty" should be "speciality," one who evidently picked up an old paper, the words given being those misspelled in the contest of Nov. 1, and one who still clung to the theory that picture molding was incorrect unless spelled "moulding."

TEAM WORK WAS LACKING

Santa Ana Second Team Lost to Long Beach After Gallant Fight

(By Vern Smith)

Because of the fact that the Santa Ana warriors of the second team did too much individual playing in the game at Long Beach Saturday between Long Beach and Santa Ana, is the reason offered for the latter's defeat. The Red and White warriors did not seem to get together for some reason that Capt. Vinbigger could not explain. Long Beach has a fast and snappy little team and as they outweigh the Santa Ana aggregation it was an easy matter to break through their lines.

The only time Santa Ana showed speed was at the beginning of the first quarter. Brown of the Red and white, succeeded in capturing two long forward passes but was easily tackled before he could get away. These and a short line run carried the ball within three feet of the Long Beach goal. Long Beach then with a display of great line holding, and tackling held Santa Ana from a touch-down and succeeded in getting the ball on downs. They immediately punted out of danger. Walters then kicked a drop over the goal, making the score three to nothing.

After Santa Ana scored they seemed to fall to pieces and played a ragged game. Although several of the players made good individual plays, the team did not work together. Paul Wilcox, a former Santa Ana player, intercepted one of Santa Ana's long forward passes. With his team offering him great defense Wilcox made a sixty yard run for the first touch down of the game. Clapp of Santa Ana followed him and made a nifty tackle but missed by a margin of about six inches.

Near the end of the last quarter Long Beach made a long forward pass and as a result put the ball two inches from Santa Ana's goal. With twelve seconds to play and the ball so close to a touch down it was an easy matter for Long Beach to force the ball over for the second touch down. Kicking goal the score now stood fourteen to three and remained so until the end of the game.

The fact that Santa Ana made her downs but a few times shows the strong defense of Long Beach. Trying with all their might to make holes the Santa Ana line men were held back by their opponents, consequently only small gains were made.

The beach contenders worked the forward pass constantly during the last periods of the game and most of them were operated successfully, but the men were quickly tackled before they ran any great distance. All of this helped to bring the ball nearer Santa Ana's goal and with the ball on Santa Ana's three-foot line, the only reason they did not make a touch down was because of Wagner's great tackling. This, however, held Long Beach for downs and Santa Ana quickly punted out of danger.

The line-up was as follows:

Long Beach	RE	Santa Ana
Lillie	RE	Perkins
Vern Lon	RT	Jaques
Baldwin	RG	Hankey
Roberts	C	Wagner

Pasadenans Victors
When playing with all their might the San Diego high school football eleven was forced to give in under the vicious attack of Pasadena High, Santa Ana's opponent for next Saturday. Up until the last ten minutes of play San Diego led with the score, 7 to 3. Pasadena's desperate efforts to retrieve what seemed to be certain defeat resulted in McDowell going over the line for a touchdown. Goal was kicked, making Pasadena lead by the score of ten to seven.

Early in the second quarter Pasadena put across a field goal by Herrel kicking from a efficient angle. By consistent bucking followed by a fifteen yard run by Dana and a twenty yard run by Hyde, San Diego carried the ball across for a touch down and goal was kicked, making the score 7 to 3 at the end of the third quarter. At the outset San Diego took the offensive and kept Pasadena constantly guarding their goal, but strong line bucking held them from making a touch down. Pasadena took a brace, gained and retained the offensive until the southern squad came them steadily approaching their goal but they were powerless to stem the rush of the Pasadenans.

The line-up was as follows:

OLD GRUDGE

Bernardo Sandejas Seriously Stabbed by Porfirio Bielma on Lincoln Street

Assailant Used Pistol Without Success, Had Better Luck With Knife

Bernardo Sandejas is in the Santa Ana Hospital with a knife wound through his right kidney and other carvings on various portions of his anatomy. Porfirio Bielma is in jail on the charge of assault with intent to commit murder, and Reinaldo Cobarobia is held as an accessory.

The disturbance occurred on Lincoln street about 10 o'clock last night, and was the result of an old grudge. Sandejas was in a shooting scrape at Tustin some time ago, in which a Mexican was shot through the arm, and it is said that since that time a certain faction has been trying to "get" Sandejas.

Last night, according to the story Sandejas tells, he was with Cy Atencia at the latter's house, 1014 Lincoln street. Two men alleged to have been Bielma and Cobarobia came up to the front of the house and called them. One of the men said, "Is that you, Sandejas?" and on getting an affirmative reply said, "You're the man we want." He then opened fire with a revolver, firing several shots without effect on the intended victim, although a horse hitched in a corral beside the house was struck by a bullet and so badly injured that it had to be killed.

Finding the pistol ineffective Bielma lunged at Sandejas' head and then resorted to the Mexican's favorite weapon with better success. He rushed on Sandejas and stabbed him once in the back, the knife penetrating the right kidney, and also across the chest and about the body.

The sheriff's office was notified and Officers Squires, Law, Heard, Hamilton and Marshal Jernigan went to the scene. They were told that Bielma had done the cutting and trailed the latter to Cobarobia's house. The officers discovered the two men trying to sneak off from the back of the house, and put them under arrest, Cobarobia being charged with helping Bielma to elude the officers.

County Physician Wehrly dressed Sandejas' wounds at the hospital. He says notwithstanding the wound in the kidney the man will probably recover unless complications set in. Bielma is being held in jail to await the result of the wounds.

Ybarra and the woman were also held for examination Nov. 26 on a misdemeanor charge.

Give the Kidneys Help and Many People Will be Happier

"Throw Out the Life Line"—Weak kidneys need help. They're often overworked—don't get the poison filtered out of the blood.

Will you help them? Doan's Kidney Pills have brought benefit to thousands of kidney sufferers.

Read this case: F. L. Sexton, 1129 W. Second St., Santa Ana, Cal., says: "Off and on I was troubled by a dull pain in the small of my back and I believed that the annoyance was caused by weak kidneys. I saw Doan's Kidney Pills highly recommended and procured a supply at Dean's Drug Store (now Wheeler & Mateer's Drug Store). Relief soon followed and as I continued taking them, great benefit came. Another of my family has also found splendid results from Doan's Kidney Pills. They proved as effective in relieving backache in that case as in mine."

\$6,000 LOSS
BEACH FIRE

Apartment House on Balboa Island Destroyed With all Its Contents

NEWPORT BEACH, Nov. 11.—The island apartment house, on Balboa Island, was totally destroyed by fire early yesterday morning, involving a loss estimated at \$6,000, with \$5,000 insurance.

The fire was discovered at 5 o'clock in the morning, and an effort was made to secure help from the Newport fire department, but it was impossible to get the fire apparatus across the bay, and the building burned like tinder. The house was a two story frame structure, built about a year ago, and was the property of Mrs. Ida M. Benson of Los Angeles. It was furnished throughout, and practically all the furniture was destroyed. The apartment house was closed for the winter, but an upstairs room was occupied by Dr. George Campbell, surgeon for the Los Angeles police department, and his wife. They escaped in their night clothing.

The origin of the fire is not definitely known, but it is believed to have been started by duck hunters who had found entrance to the rear part and were camping there for the night.

OLD-TIME REMEDY
DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date drugist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your drugist, and see what a few days' treatment will do for you. All drugists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

War Department Officials Plan A High Standard of Militia Efficiency

WASHINGTON, Nov. 11.—The reorganization of the National Guard and State militias of the United States, which practically means a revolution in the citizen soldiery of the country, is being worked out by the officials of the War Department. Details are expected to be made public shortly.

This information was made public by Captain George V. H. Moseley, who has just returned from abroad, where he witnessed the annual maneuvers of the English, German and French armies and compared the fighting organizations of those countries with those of the United States. He sees much good to the general standing of the army if the State organizations of militia can be brought to a higher standard of efficiency.

OLD COAT WAS

Thieves Got \$95 From Delhi Store, But Missed \$65 More

The store of J. Nicholas, at Delhi, was entered by thieves between 7:30 and 11 o'clock Saturday night, and \$95 in silver taken from the pocket of a coat which Nicholas used as a substitute for a cash drawer. The visitors overlooked \$65 in bills and gold in another pocket.

Nicholas, who lives in the same building as that occupied by the store, locked up about 7:30 Saturday night and came to Santa Ana. When he returned at 11 o'clock he found the door unlocked, and investigation developed the fact that the silver was gone. He says that early in the evening three young fellows were trading in the store, and one of them tendered a bill, which Nicholas changed with money secured from the coat. He says the young fellows have not been seen since, and suspects that they returned to the store after he had gone and rifled the coat.

Men Caught in Pasadena Had on Plunder From Anaheim Store

Sheriff Riddock, who went to Pasadena Saturday to investigate the case of John Sisko and Floyd King, under arrest there for robbery, found that beyond a doubt the men robbed the S. Q. R. store at Anaheim some time ago. In fact, the men were wearing two suits of clothes taken from the store at the time of their arrest. When the store was entered a quantity of clothing, fine dress goods and several suit cases were taken. The men had apparently disposed of the rest of the loot.

The men also confessed to having robbed Hawley's gun store in Santa Ana, but had none of the property taken in their possession. They told the officers that they had disposed of the results of their numerous robberies in pawn-shops, second hand stores and other places, and there is little hope of getting much of it back. The men will not be brought here for trial unless they should be discharged in Los Angeles county, which is not considered likely in view of the fact that they were caught while burglarizing a store.

DAZED MAN IS
IN HOSPITAL

May Have Been Hit by Auto, But Probably Fell While He Was Intoxicated

In a dazed condition, August Lang was picked up at the edge of the Huff walnut orchard on East Fourth street this morning. The indications are that Lang was struck by an automobile, and was dragged from the road and left in an unconscious condition.

This morning passers-by on the street saw the man stretched out on the ground. There were indications that he had been dragged from the road. In the road was an automobile spoke evidently recently broken out. Lang is probably a Swede. It is not known where he lives.

City Marshal Jernigan took the man to the County Hospital. It is thought the man had been on the ground for several hours. He stated that he had been drinking. His talk was rather incoherent. He said he remembered being struck by an automobile. Even that statement is discounted on account of the man's dazed condition. County Physician Wehrly found the left eye severely bruised and the nose and forehead lacerated. The physician does not think the man was hit by an automobile, at least not hard enough to knock out a spoke. The spoke may have been used to strike the man. More likely the man fell while intoxicated.
